Dear Colonel Knight:

Once again THE PLAYERS Championship was a successful tournament that will again break our charity record despite a very difficult year with the weather.

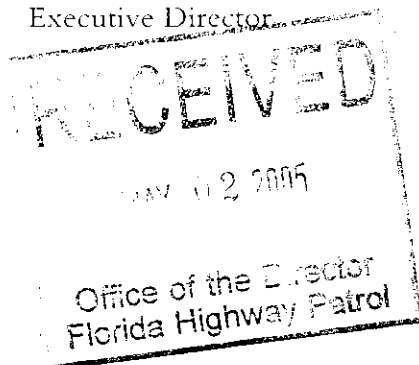

As you know, Lieutenant Rick McIntyre serves as our Director of Security, and he did a fabulous job under difficult circumstances. The Monday finish causes many operational issues, but under Rick's leadership security was flawless. He is an incredible asset to this tournament, and you can certainly be proud of how he represents the Florida State Highway Patrol.

Thanks so much for allowing Rick to play this vital role and for your support of THE PLAYERS Championship.

Sincerely,

Brian Goin  
Executive Director
